Whether you turn to the right or the left, your ears will hear a voice behind you saying, "This is the way; walk in it." - Isaiah 30:21

Ever feel like life doesn't make any sense? Ever feel like you'd rather be any place besides where you are? Well, guess what—even in the midst of stuff that doesn't make sense, God has a plan! Take a look at the picture above. What would you do if I told you to drive up that road, full speed ahead? You'd most likely think I was nuts! A lot of the times the things God asks us to do may seem like we're driving full speed ahead for a

cliff. Living a Godly life may seem like social suicide. Giving up something that you really love may make absolutely no sense at all. Life is hard. But there IS someone who is bigger than you, who sees the whole picture. Take a look at the picture to the right. That's the other side of the bridge on the left. The road is just built to look like a drop-off. In reality, the road just curves and continues on. But from our view it doesn't make sense! We see life from the picture on the left's perspective. What's ahead may seem incredibly impossible. But God sees it from the other side. He knows why you're going through what you are right now. And He has a plan

through it! You can't see the end of the road that you're traveling on, but He can! So, don't be afraid to listen to God's still small voice—He has a plan that cannot be changed. And He will guide you safely through till you reach His conclusion of the story!
