Hi, it's Katie from the Oberlin TFC group - and I get to tell you about me & TFC this month! So far, I've been on two mission trips with TFC and I've gone to 4 years of camp, and let me tell ya, I love it!! I love meeting new people and making new friends and TFC is an awesome place for that. Some things we do at TFC are rallies that are called The Edge. At The Edge we basically have a regular meeting (sort of), except its all the TFC groups at one big meeting. For me, its really fun to get to see some of my friends that I made at camp and on mission trips and also they usually get really good speakers to tell the message. We have

amazing songs and get to play some fun games and afterwards, we go and hang out at The Ranch House. I love going to The Edges! At home, Oberlin has its meetings on Sunday evenings and right now, Joseph Hirsch, Chase Berg, and myself help out with the meetings. Its really cool getting to do that because we get to pick out the music, games, and help with the lesson. One reason I like going to the weekly meetings is that you get to know, and be friends with, people you probably would have never really met if it weren't for going to TFC. Also, you learn a lot during these meetings. Some of the games teach you to work together and the lessons teach about life lessons and the Bible! You begin to realize that its really Our Story but His Plan ...this was our motto on mission trip this year and I think it was a great one because it's really about God and HIS plan for you. I hope you're enjoying your TFC groups this year ... and I'll see you at the EDGE!
